

Liberty Computer Systems

Recommended Equipment List

Windows Operating System

- Windows XP – Home or Professional
- Windows 2000 Professional

**Windows Vista is not currently supported. Please see our website for more information.*

Thermal Ticket Printer

- Epson TM88IV USB or Parallel
- Epson TM88III USB or Parallel

Garment Tag Printer

- Epson TM230 USB or Parallel with Auto Cutter
- Samsung SRP-270 USB or Serial Only (Parallel Does Not Work Properly) with Auto Cutter (We recommend using the Samsung printer)

Bag Tag Printer

- Ithaca PosJet 1000 USB or Parallel

Touch screen Monitor

- ELO 15" LCD Resistive touch – USB or Serial
- ELO 15" CRT Resistive touch – USB or Serial

Laser Gun

- Metrologic MS 9520 Keyboard Wedge or USB (Black or White)
- Metrologic MS-9535 Cordless (Keyboard Wedge or USB) – 30' Max Distance

Backup Drive

- 128MB Flash Memory Stick (Jumpdrive or Cruzer) – Used for Backups

Computer

- Pentium IV 2.0 GHz (or better) 256 (or more) MB RAM, 40 GB Hard Drive, Internal US Robotics 56k Modem, Ethernet 100 Base, Parallel and Serial Port
- AMD Athlon XP 2400 (or better) 256 (or more) MB RAM, 40 GB Hard Drive, Internal US Robotics 56k Modem, Ethernet 100 Base, Parallel and Serial Port

Cash Drawer

** Any Casher Drawer purchased should be Epson compatible. This is because the drawer is opened by the Epson Thermal Printer.*

- MMF Media plus platform cash drawer (Galaxy Gray or White for top of counter) or smaller version that can be mounted or installed underneath the counter.
- AGP Cash Drawer with platform or smaller version for under the counter installations.

Additional Software

- Symantec PC Anywhere Host Only – (Used for technical support) If you wish to use PC Anywhere at home to call the store you will need the Host/Remote version.
